Dear Miriam,

On behalf of the children and families of Chai Lifeline Southeast I would personally like to thank you and your wonderful organization for collaborating with us to provide mp3 players filled with assorted melodious tunes that bring smiles and joy to the children and families of Chai Lifeline. You truly brightened their world, illustrating the true meaning of chesed.

Your contribution and dedication to Chai Lifeline makes you a part of our extended family, dedicated to assisting families through both the crises and the everyday trials of serious pediatric illness. Your support encourages us to continue our mission to deliver these services to sick children the world over.

We look forward to collaborating together in the future.
